

TO: Potential Sponsor

FROM: Angelia Weltzheimer

RE: National Utility Training & Safety Education Association-  
Request for Sponsorship

DATE: April 2023

I am the Administrative Assistant for the National Utility Training & Safety Education Association (NUTSEA), which holds an annual conference. North Carolina Association of Electric Cooperatives is hosting the 2023 Conference in Charlotte, North Carolina; September 10 - 13, 2023.

To defer cost to our members attending the 2023 Conference, I am asking you to consider becoming a sponsor. But before I get into the levels of sponsorship, I want to highlight the primary purposes of the NUTSEA organization.

**National Utility Training & Education Association (NUTSEA):**

The National Utility Training & Education Association (NUTSEA) is an organization comprised of utility safety and training professionals from various backgrounds throughout the United States. Our goal is to provide an environment which will promote the continuous exchange of information, ideas and job-related experiences among members of the organization. The purpose of this goal is to assist members and interested parties in upgrading their professional competence, improving job training, safety education and assisting members with injury and accident prevention techniques. This in turn, will better qualify and equip these safety professionals in performing their essential duties in personnel training and accident prevention.

The next page lists the different levels of sponsorship. Please do not miss this opportunity to sponsor a great organization and be part of a great conference! NUTSEA also has a web site ([nutsea.org](http://nutsea.org)), which I recommend you take a look at. The site can offer you more details and a chance to understand even more about the goals of the NUTSEA organization.

If you have any questions do not hesitate to call me at (903) 441-6960 or email at [nutseaassistant@outlook.com](mailto:nutseaassistant@outlook.com).

There is a sponsorship form attached to this packet that you can use to register or you can go to [nutsea.org](http://nutsea.org) to register and make payment with a credit card.

Your consideration regarding this request is appreciated.
